## SUMMARY

Energetic and adaptable BSc Graduate with a solid academic background and a passion for any domain. A quick learner with excellent communication skills, eager to contribute to a dynamic team and gain hands-on experience. Committed to achieving organizational goals, demonstrating strong attention to detail, and thriving in fast-paced environments.

---

## PROJECTS

### Property Pulse

[property-pulse-vasu.vercel.app/](https://property-pulse-vasu.vercel.app/) • February 2024 - March 2024

- A Property rental Web Application developed using Next.js 14 and Tailwind CSS.
- Implemented CRUD operations for Properties, Used NextAuth for Google Authentication.
- Used React Server Components and Client Components for faster Page reload, data fetching and caching and MongoDB for storing the data.

### Fast React Pizza.Co

[vasu-fast-react-pizza-co.netlify.app/](https://vasu-fast-react-pizza-co.netlify.app/) • June 2023 - July 2023

- Very simple application, where users can order one or more pizzas from a menu. Requires no user accounts and no login: users just input their names before using the app
- The pizza menu can change, so it should be loaded from an API. Users can add multiple pizzas to a cart before ordering done
- Ordering requires just the user's name, phone number, and address, If possible, GPS location should also be provided, to make delivery easier
- User's can mark their order as "priority" for an additional 20% of the cart price, Orders are made by sending a POST request with the order data (user data + selected pizzas) to the API

### Challenges

[challenges-app-react.netlify.app/](https://challenges-app-react.netlify.app/) • May 2023 - June 2023

- A Challenges application, where we can list our daily challenges and mark them as failed or completed.
- Implemented modal windows, focused mainly on animating the app, used react-router-dom for routing
- Technologies used: React.js as a UI library, Vite as a build tool, and Framer motion package for animating application components.

---

## EDUCATION

### BSc - Computer Science

SBVR Degree College • Badvel • 2022 • 7.24

---

## CERTIFICATIONS
